THERMOSTYLE

5 ГОДИНИ ГАРАНЦИЯ 5 YEARS WARRANTY

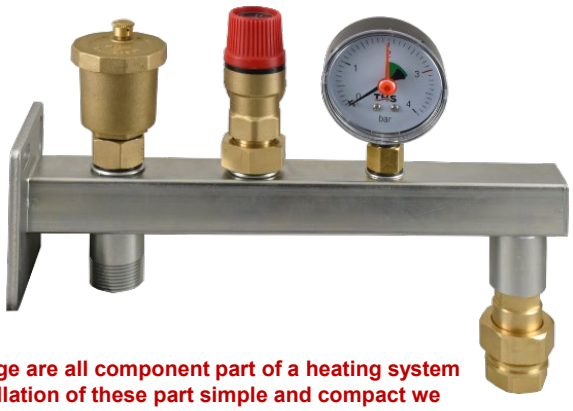

Product data sheet

Safety Group GREY EDITION

CHARACTERISTICS

The set includes:

- ❑ - Metal posture – stainless steel
- ❑ - Hole 3/4" male treed on the posture
- ❑ - Automatic air vent 1/2“ with check valve 1/2" for purger
- ❑ - Safety valve with removable nut 3/4 "F - 3 or 7 bar. /*Depending from the item number/*
- ❑ - Manometer ver cal rough Ø 63, 1/4", 0 - 4 bar. or 0- 10 bar. scale /*Depending from the item number/*
- ❑ green sector from 2 bar. to 3 bar. or from 5 bar. to 7 bar. */Depending from the item number/*
- ❑ - Double check valve 3/4"MF

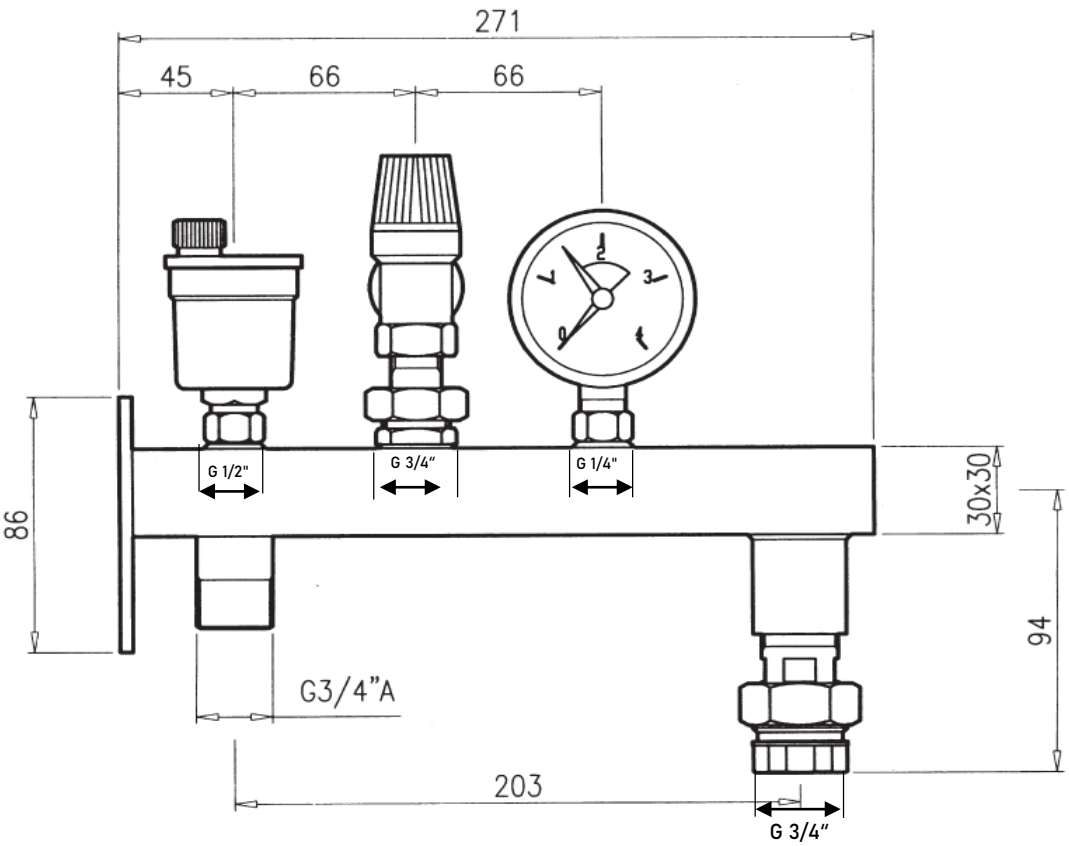

APLICATION:

The safety valve, expansion tank and pressure gauge are all component part of a heating system with regard to the safety. In order to make the installation of these part simple and compact we has developed a special multiple support manifold) for these essential components.
Installation unit to connect expansion vessels for closed heating installations, ready for use with automatic air vent, safety relief valve, pressure gauge.

Размер Dimension	Арт. № Item №	Баркод Barcode		1
3 bar.	99992	3800154053313	1/10	✓
7 bar.	100118	3800154053429	1/10	✓

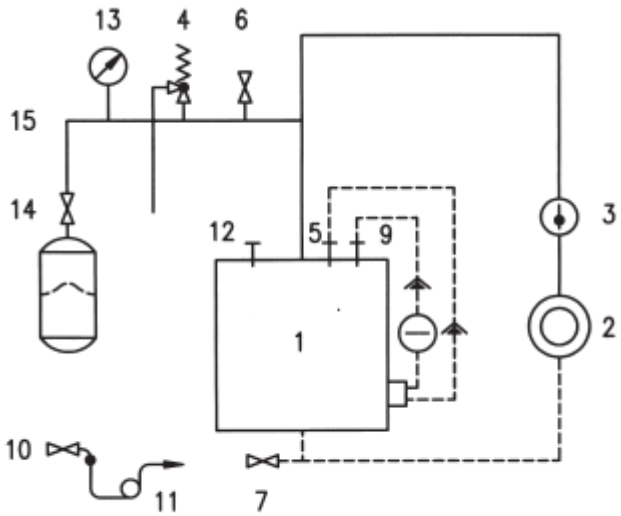

- For systems with burners with a maximum rating of 45 kW
- For systems with operating temperatures up to 70°C (low temperature systems such as under-floor heating).

Safety Group GREY EDITION

In order to ensure proper functioning the support manifold must be positioned above the boiler and the pipework connection to the boiler must be as short as possible. In addition the pipework must not have any additional valves fitted between the manifold and the boiler. The expansion tank can be fitted to the boiler return line , while the maximum acceptable temperature is 70°C

INSTALATION SCHEME

Legend

1. Boiler
2. User Thermostat
3. Recycling pump
4. Membrane type safety valve
5. Safety thermostat
6. Automatic blow-off valve
7. Drain valve
8. Membrane type expansion tan
9. Thermostat
10. Cold water supply
11. Filling hose
12. Thermometer
13. Pressure gauge
14. Tank shut off valve
15. Multiple support manifold /Safety set/
